<p>Subscription expiration</p> <p>and Auto Renewal process</p>	<p>User story: As a premium users, I want to pay to continue with my premium account</p> <p>Steps:</p> <p>Background information at ItunesConnect server:</p> <ol style="list-style-type: none"> Once subscription period expires on the iTunesConnect side <ol style="list-style-type: none"> If Apple Id user set Auto Renew for Lumenaki <ol style="list-style-type: none"> iTunesConnect will automatic charge users for another subscription period so that the premium service will be continuous <ol style="list-style-type: none"> If payment succeeds, Subscrip tion period is extend for Lumenaki user with the Apple Id used to make payment. If payment fails, Set the subscription expired. If Apple Id user set Auto Renew Off for Lumenaki: <ol style="list-style-type: none"> Set the subscription expired at the iTunesConnect server. <p>Process at Lumenaki server</p> <ol style="list-style-type: none"> After the day of the subscription period date, system will check with iTunesConnect Server if the subscription is still valid. <ol style="list-style-type: none"> If it is still valid, get new expired date from user, update the information on the server side. If it is not valid, set user to Free user. <ol style="list-style-type: none"> Storage will be reduced to Free user limited. Any content that exceeds Free user storage limited will be blocked. Note: storage amount for user is based on media of records that users upload For full function list of Free users and premium user: refer to User rights vs. User types 	<p>IOS settings</p>  <p>The screenshot shows the 'YOUR SUBSCRIPTION' section with a 1-month subscription ending Nov 16, 2014. Below, 'RENEWAL OPTIONS' shows a 1-month option for \$1.99 starting Nov 16, 2014, with a checkmark. The '1 year \$14.99' option is also visible. At the bottom, the 'Auto-Renewal' toggle is turned 'ON'.</p>	
<p>Notification to user when subscription is going to expire</p> <p>(To propose to Client)</p>	<ol style="list-style-type: none"> If there is no Auto-Renewal on the Premium subscription product: 10 days before the subscription expires, system will send a notification and an email saying users need to pay to continue their service. Notification: Your subscription is going to expire soon. Email Template: If there is Auto Renewal on the Premium subscription product: There will be no Notification or email.
